

HOISINGTON From The Dispatch.

Miss Grace Murphy is over from the Bend visiting her brother Tom.

Mayor Johnson is able to get around in good shape with the help of his crutches now and he thinks he will soon be entirely recovered from the effects of his fall, July 4th.

Miss Myrtle Kramer returned the last of the week from a visit with his sister, Mrs. Chas. Billings at Pueblo. They spent several days at Colorado Springs.

Otto J. Kopke will leave Saturday for Detroit, Mich., for a two weeks visit. We thought perhaps that Mr. Kopke had matrimonial intentions but he refuses to plead guilty.

J. N. Shirley and family returned Monday from Haviland where they visited the Henry Sweet family. Miss Eva Sweet, a sister of Mrs. Shirley, returned home with them for a two weeks' visit.

Ben Nieberline and family had a little auto experience last week that they do not care to go through again. While driving their car over a crossing at the old railroad grade in Union township, it upset and injured the occupants more or less. Ben received a broken collar bone, the baby was injured about the face and Mrs. Nieberline received slight injuries. The car was damaged some.

J. R. Williams, the man with the many titles and starter of fads and fancies, now has a new hobby. It is a municipal turnip patch. Now don't laugh until you read the whole story. Mr. Williams has been looking after the city park and, by the way, has done a good job of it. A week is a scarce article and the ground is rich and mellow, so J. R. figured that it might as well be producing something for the benefit of mankind, more than shade, so he secured a cargo of turnip seed and ere long will be able to supply the turnip market for all Hoisington.

John Stoskopf was out to his farm until yesterday looking after his threshing but intends to stay in town now until he recovers from the effects of some wheat scooping he did. The work did not agree with him very well and he walks around like a man about eighty years old on account of a sore back. His wheat that is threshed averaged 22 to 23 bushels and he says it comes out of the separator so fast that it keeps five men and teams busy hauling it to the granary. Ed Boomhower has been doing the threshing and one day he threshed 2,500 bushels.

W. H. Varah tells a good story on himself that happened on the train while on his way home from New York. He was in the smoking car, which was crowded, when a large, portly man entered the car and asked if there was a man from Kansas present. Mr. Varah looked around to see if anyone pleaded guilty and seeing that no one else took the responsibility, he spoke up and said he was from Kansas. Then the stranger said, "Please lend me your corkscrew." Mr. Varah says he could feel his face color up but he stood his ground and produced his faithful old knife with the cork screw on the back and ere long he was well acquainted with the stranger.

Farmers, mechanics, railroaders, laborers, rely on Dr. Thomas' Eclectic Oil. Fine for cuts, burns, bruises. Should be kept in every home. 25c. and 50c.

Mrs. W. L. Bowersox returned home Saturday night from a visit with relatives and friends in Scandia, Kansas.

CLAFLIN From The Clarion

Mrs. Isaac Markel's father, who is 95 years old, has been quite sick, but is improving.

Joe Neimeyer and wife arrived Monday evening for a few days' visit with Mrs. Neimeyer's parents, Mr. and Mrs. J. F. Evans.

Father Rice returned yesterday from a three weeks visit to Denver, Colorado Springs, Manitou, Pikes Peak and other points of interest.

Mrs. F. L. Herthel and little son, Franklin, left Tuesday evening for a month in Colorado Springs. Miss Mary Piel went with her.

Mrs. Fannie Yeager, who had been visiting her son, Hank, for the past three weeks, returned to her home in Kingman Saturday.

Mrs. T. Ray, of Edson, Missouri, who had been visiting the Ben Little family for the past two weeks, returned to her home Sunday.

C. M. Oliphant went to Cherryvale, Friday morning, to attend the funeral of his nephew, L. M. Oliphant, who was shot in a restaurant in Kansas City Thursday of last week. Mr. Oliphant has five brothers and all were present at the funeral.

Rudolph Dressler, of this city, and Miss Agnes Kropf, from north of town, were united in marriage at Great Bend Sunday afternoon by the probate judge.

Mr. Dressler is a capable young man of excellent habits who has a good position with the Chaffin Lumber Co. Mrs. Dressler is a daughter of Mr. and Mrs. Joe Kropf, and is well liked by all who know her. The young couple will make their home in Claflin.

Mr. and Mrs. J. L. Walker returned this morning from Colorado where they had been enjoying a vacation since July 12. They spent a week in Colorado Springs and about Manitou, climbed Pike's Peak, from whose summit they witnessed a mid-summer snow storm and even ate some of the frozen mist and wore wraps and overcoats and shivered all of which can hardly be compassed by the most lively imagination of those of us who have been suffering from the intense heat of the last few days.

FACTS AND FICTION.

Experiences of Great Bend Citizens are Easily Proven to be Facts.

The most superficial investigation will prove that the following statement from a resident of Great Bend is true. Read it and compare evidence from Great Bend people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Great Bend endorse Doan's Kidney Pills.

Isom Wright, retired farmer, 1105 Stone St., Great Bend, says: "I had soreness across my back and hips which greatly inconvenienced me when I stooped or stood erect. On a friend's advice I used a box of Doan's Kidney Pills, procured from the Barricklow Drug Co. I have since enjoyed good health and my kidneys have been normal. It gives me pleasure to confirm my original endorsement."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wright had. Foster-Milburn Co., Props., Buffalo, N. Y.

Miss Lenora Jackson, linotype operator on the Sterling Bulletin, was here last week to attend the Epworth League Institute and for a visit with her parents, Mr. and Mrs. George Jackson, of Comanche township.

PAWNEE ROCK From The Herald.

George Holland is the last to succumb to the automobile disease, having made the purchase of a Maxwell, a mighty good car, and the Holland family will, from now on enjoy itself in a manner to which it is justly entitled.

Mrs. H. W. Brownfield, of Anthony, arrived here Saturday evening to visit her sister, Mrs. Sam King. She returned home Sunday evening. Mrs. Lee, mother of Mrs. King, who had been visiting here several weeks, accompanied by her grand-daughter, Arda Raymond, returned to their home in Hutchinson the same evening.

The city has been in darkness the past week or so owing to the fact that the Light and Ice Company was doing business at a loss, and have shut down. The men have not much to say concerning the recent action other than that it was not a paying proposition. We understand a proposition has been made to the city to take over the plant.

Sam King moved the post office Monday and Tuesday and now has things much more convenient that he has the business under one roof. The service was not hindered in the least and the patrons were waited on with neatness and dispatch. The finishing touches have not been put to the office enclosure as yet, due to the fact that a carpenter's services were not as yet available. A laborer is a pretty hard thing to procure about here now-a-days.

Dr. and Mrs. E. K. Lawrence went down to Great Bend Friday afternoon just ahead of the big rain in the east part of the county. They had to wrestle with the mud most of the way home but made it all right. Bertha Keller who had been visiting here with the Lawrences, returned home. The Lawrence children also remained at Great Bend to visit briefly and the doctor and wife are now bosses of the whole premises.

Peter B. Unruh will do a little more work in the field from now on and do it with greater ease than heretofore. On the first of the week he had Bob Miller run a gas tractor out to his place which can be attached to any ordinary gang plow or other vehicle or implement and tear out about double the work done with a team. Mr. Unruh thinks that about the best way of enjoying life is in making work easier as well as expediting it, and we believe he is right.

GOOD SUGGESTION TO GREAT BEND PEOPLE.

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine etc., known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Great Bend agents for Adler-i-ka.—Barricklow Drug Co.

FOR SALE—Ten level half sections; 8 miles southwest of sections, all joining; 8 miles southwest of Pearceville, 12 miles from Garden City. Wheat making 15 to 30 bushels. Price \$12.50 per acre, with good terms. Grazing ranch of 8,000 acres, 2 miles south of Holcomb, 8 miles of Garden City. Price \$6.50 per acre. \$1 per acre cash. Jess Kisner, Garden City, Kansas.

WEST COMANCHE Special Correspondence

Gordon Flanders got to celebrate his birthday the 26th of July at Fred Schrapel's expense, but no one was wise until it was too late.

Mr. and Mrs. L. C. Mische entertained a number of their friends and neighbors last Sunday.

Claude Morris is back in this neighborhood again.

Ernest Spacil of Stafford county made a trip to Great Bend last Monday but the writer isn't going to tell who he had along.

M. L. Flanders spent Sunday at the home of Jas. Tonkin, in Great Bend.

We have seen a good many different kinds of flag poles in our day, but last week we discovered a new one when we saw a fellow using his wife for one.

Fred Campbell has sold his buggy. If all of the boys want to ride, I am going horse back.

Charlie Meyers and wife visited at Dave Campbell's last Sunday.

C. F. Kaufman, cashier of the Rush Center State Bank, was in the city on business Monday.

ELLINWOOD. From The Leader.

Mrs. Bessie Anderson came in from Kansas City last Thursday evening to accept a position as clerk in the post office.

Mrs. Oscar Schrepel is in a rather serious condition, having along with typhoid fever.

Arthur Kortendick returned to his home in Burlington, Wis., Wednesday morning after several months visit here with the Karl Schmidt family.

Dr. Haas and family and H. D. Willms, of Little Rock, Ark., who is visiting them, autoed to Geneseo, Tuesday afternoon, called by the death of a cousin, Henry Willms.

Chas. Kattenhorn received a telegram Monday evening, from Topeka, informing him that he had been appointed to a position as deputy grain inspector, and to report at Hutchinson Tuesday morning, where he will be stationed for the present at least.

Lawrence Schrepel and family, who have been living for a number of years on the south side, moved, Tuesday, to their new home near Raymond. Ellinwood hates to lose this estimable family from its midst, but they are not moving away so far but what they can easily reach Ellinwood. The Leader will keep them posted on home doings. We wish them success in their new home.

Mr. F. Huitt and family, of Isabel, Kansas, were here this week visiting with Mrs. Huitt's brother, Dick Bolen, who has been very sick, and Sam Thomas and family. Mr. Huitt was an early day resident of Ellinwood having located here in 1873, but has been living in Barber county for the past thirteen years. He is engaged in farming and stock raising in Barber, and has about 1200 acres of land there, and a fine home in Isabel. He says conditions in Barber are about the same as here, a good wheat crop, but the corn prospects ruined by the drouth and extreme heat.

COUGHS AND COLDS WEAKEN THE SYSTEM

Continued coughs, colds and bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c. bottle of Dr. King's New Discovery today. It will stop your cough. The first dose helps. The best medicine for Stubborn Coughs, Colds and all Throat and Lung Troubles. Mr. O. H. Brown, Muscatine, Ala., writes, "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c. and \$1.00 at your druggist.

AVERAGED 49 BUSHELS PER ACRE.

Fred Savage probably holds the prize for the banner yield of wheat this season in Hodgeman county at that, where a great many eastern people have the idea that nothing but grass will grow.

Mr. Savage has just finished his threshing and reports a yield of 12,719 bushels from 355 acres, or an average of a little less than 36 bushels per acre.

He had 169 acres that made an average yield of 49 bushels per acre. Of this 169 acres, 69 acres was drilled in the stubble and the balance was on ground that had been in feed last year but the grasshoppers had destroyed. This part of his crop Mr. Savage estimates made close to 60 bushels per acre. Mr. Savage lives on the D. G. Curtis ranch 8 miles north-east of town.—Spearville News.

SHAFFER-NEIGHBORS

Miss Mercia Shaffer and Mr. Elmer H. Neighbors, both of his city, went to the Bend Sunday and after securing a marriage license were married by Rev. Greenwood of the Congregational church.

Both Mr. and Mrs. Neighbors are well known in Hoisington. The bride has been employed as Stenographer for the Ochs Grain Co., and is one of the highly respected young ladies of the city. Mr. Neighbors is a dentist who has made his home here for the past two years, coming here from McPherson.

Mr. and Mrs. Neighbors will go to housekeeping as soon as they secure a home and get it furnished.

The Dispatch joins their many friends in extending congratulations and wishing them unbounded happiness during their wedded life.—Hoisington Dispatch.

Bilious, Feel heavy after dinner? Bitter taste? Complexion sallow? Liver perhaps needs waking up. Doan's Regulents for bilious attacks. 25c. at all stores.

Children Cry for Fletcher's

CASTORIA

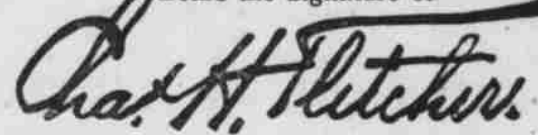

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

THE CENTAUR COMPANY, NEW YORK CITY.

MARKET REPORT.

Kansas City Stock Yards, Aug. 3.—Cattle prices declined 15 to 40 cents last week, prime steers and common cows losing least, medium and common grasssteers good cows and stockers and feeders closing 25 to 40 lower. Tight money and fears of corn crop damage from dry weather were leading causes of weakness. Smaller beef consumption since the late advance to retailers, to imported meats at New York, combine to lighten the demand from killers for live cattle. The supply today is 11,000 head, and the market is slow and unevenly lower. Packer buyers remained close to telephone receivers till 10 o'clock, getting their bearings with reference to financing purchases, the question of available cash having suddenly become extremely important. A few early sales were 10 to 15 lower, and the market very low. All the adverse influences at work for three weeks in the stocker and feeder trade remain effective, with uncertainty and fear respecting the future of trade in general added today. Quarantine cattle receipts were 88 cars, trade slow, and unevenly lower. Some good cake fed steers sold at \$7.65, and medium to common Oklahoma grass steers at \$5.75 to \$6.50.

Hog supplies have been running very light here, and the efforts of packers to break the market, who have invoked every influence at their command to that end, have had a minimum effect here, because of a good order buying trade. Receipts today are 4,000 head, and about 1,000 hogs were sold to order buyers at \$8.40 to \$8.60. Packers did nothing till noon, when, in response to a report of a break of 50 cents

in Chicago, they made their bids 40 to 50 cents lower, and secured a good many hogs at \$8 to \$8.10. With Europe on a war footing, it would seem that provisions must advance, regardless of the fact that mess pork declined heavily today. Severe fluctuations in hog prices during the next week are expected.

Sheep and lamb supplies today were 2,000 head, and the market was strong, at the advance of last week. Native lambs sold at \$7.75 to \$8.05 today, and choice range lambs would bring \$8.25. Receipts are running very light, and no Westerns were received today. Native ewes bring up to \$5, range ewes worth \$5.25, breeding ewes up to \$5.50, and feeding lambs could be sold around \$7.

J. A. RICKART,
Market Correspondent.

Save the family's health, cook only in pure "Wearever" aluminum utensils. Aluminum cannot rust or corrode, will not break no scales of enamel to cause cancer and appendicitis. Lasts a life time, costs but little more than good enamel ware. Prices have lately been reduced. Ask to see it. You can get the genuine "Wearever" only at Bondurant's.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
